ENTRIES

All entries in the regional tennis tournament will advance to the State Meet unless otherwise disqualified.

Players are required to play the same position at the State Tournament as they did at the regional tournament. As per WHSAA Rule 7.13.48, if a player is unable to continue in state tournament play it will be possible to substitute the alternate listed on the WHSAA Tennis Entry Form during tournament play under the following criteria:

1. The match being played would be defaulted if play had begun.
2. The alternate would remain in the substituted spot throughout the remainder of the tournament.

TOURNAMENT BRACKET AND RULES

Please refer to the WHSAA Handbook, pages 71-73, for the tournament format.

The rules, as established by the United States Lawn Tennis Association, shall prevail except where modified by the Wyoming High School Activities Association. Once play has begun in a match, it will be continuous with no break unless permitted by the referee. The default time is reduced to 15 minutes. Only tennis balls furnished by the WHSAA (Penn high altitude balls) may be used during the tournament. The referee shall have authority to appoint service and line officials as he deems necessary. The above format and rules may be altered at the discretion of the Tournament Director, i.e., weather conditions for expeditious conducting of the tournament as per WHSAA Rule 7.13.37.

AWARDS

The WHSAA will present medals to the top four place winners in each bracket. Team trophies will also be presented for the first, second, third and fourth place teams. Tournament Schedule: The starting times for all days will be at 8:30 a.m. We will fill the courts as they become open so players should not leave the facilities for any extended period. State Tennis Tournament
Rules and Regulations

1. During the course of the match to swear at an official, a spectator, or an opponent in a voice that can be heard by any such other person; to use profanity or obscene language in any way that may be heard by other persons; to use obscene gestures; to threaten bodily injury on anyone; means automatic disqualification from any further competition in the tournament.

2. Play will be continuous. One minute change over, when you may towel off, get a drink, as long as you do not take over one minute to do so. **Continuous play after the 1st game in each set. This is not to be a one minute change over.**

3. Players are not permitted to leave the court during a match.

4. No coaching players except during the ten-minute break between split sets.

5. Seven-point tiebreaker will be used when games reach 6-6. The serving order stays the same as it was during the set. The person’s turn to serve is first server. First server serves one point from the deuce (forehand court). After the first serve, the person’s turn to serve next serves two points beginning in ad court (backhand), serves one point from ad court, one point from deuce court. Every player will serve two points with the exception of the first, who only serves one point. The service begins in the ad court for every play except the first. One team must reach seven points and be ahead by two points to win the set. After six points are served, players change ends of the court. If play is tied at six, all players change ends of the court again.

      The person who served the first point of the tiebreaker is charged with the game.

6. One can of balls will be used for each match, the winner of the match has the responsibility to return the balls and report the scores. Turn score cards into the scorer’s table at each site.

7. No one is permitted on the court except the individuals that are playing.

8. If there are any major discrepancies over calls, a player may ask the umpire for assistance. Officials on the court will only overrule an incorrect “Out” call if they are absolutely positive the call was incorrect. Unfortunately, it is possible for a fan, coach, or player to have a better angle on certain line calls. Ultimately, it is the player’s responsibility to get the call correct, and give the opponent the benefit of any doubt.

      Out and Let calls should be made immediately and audibly to prevent confusion.
Server needs to call the score loud enough for the opponent to hear prior to 1st serves. Compliance with these two items generally prevents most scoring issues and confusion.
