The Jury will meet near the timing shed, or inside the timing shed depending on what is going on with timing and the nature of the protest.

All-State Points: All-state points will be awarded to the top 30 individual finishers as per the coaches handbook. All-State and All-Conference Award Certificates will be mailed to coaches once final calculations have been completed.

Race Warnings:

Racers must ski the course in the direction of the race. Anyone skiing the course backwards will be disqualified.

If a skier is late for their start, he/she will be started at the end of the race. Racers will accept the related disadvantages to this starting position.

We will have course marshalls at key locations around the classic course, so make sure that your athletes understand correct classic technique. The Race Jury will consider disqualification/warning as appropriate. There will be two individual technique zones. Course marshalls will have the final decision in use of proper technique.

For our walking fans we ask that you stay to the side of the course as much as possible to keep the course in good condition.

Refreshments & Hospitality:

There will be water available for racers near the timing hut, but racers are advised to BRING YOUR OWN SNACKS!

Medical Plan:

We are currently putting all the pieces together in collaboration with on-site medical assessment and the White Pine Ski Area Ski Patrol.
