BOYS AND GIRLS STATE TRACK MEET

May 22-23-24, 2025

Meet Director – Chad Whitworth
Harry Geldien Stadium -- Kelly Walsh High School, Casper

Thursday Team Information

Gates will open on Thursday at 10:00 a.m. for team camp set up. **Please do not come before 10:00 a.m.**

Team packets may be picked up at the stadium ticket window beginning at 10:00 a.m.

The only entrance to the infield will be by the track shed at the south end of the stadium. The west gate on the back straightaway will only be an exit gate. Coaches and athletes will not be allowed to enter the infield from this gate.

Important Notices to Coaches

You will receive information at the State Track Meet which will have heats, lanes, and a schedule of events, plus numbers for your participants. All participants must wear their assigned numbers at all times while competing and for admission to the field and stands. **Bib numbers should be worn on the back of the uniform except when competing in the pole vault and high jump events.**

Coaches, managers, and bus drivers will be issued passes for admittance to the meet. Track participants will not be allowed on the field unless they are dressed in track uniforms **and wearing their numbers. No one except competitors will be allowed on the track or infield.** A warm-up area has been designated and participants may warm-up there only.

Since we want to run this meet on schedule, please alert your track competitors to be listening for calls and report to the starting line, pit, or ring on time. Competitors will have to be there on time or be scratched.

State Meet Heat & Flight assignments will be posted on our web page <www.whsaa.org> by Monday morning. Please check this information and call the WHSAA office by 10:00 a.m. Tuesday with corrections.

Please review the following information which outlines the three ways that a relay team can qualify for the State Meet.

*****Each school may have only one relay team per relay event at the regional and state meet.**

- a. A relay team is entered (non-prequalified by mark) in the Regional Track Meet. The teams that place in the top four at Regional Meets qualify for the State Meet. The coach is free to make substitutions in this relay for the State Meet as long as students are eligible by all WHSAA rules and do not surpass individual event limits.

- b. A relay team (pre-qualified) is entered in the Regional Meet by submitting a completed Track Qualifying Standard Report Form along with the school's entries by the deadline (On or before the date requested by the regional host). The relay team then places in the top four at a Regional Meet. The coach is free to make substitutions for the State Meet as long as students are eligible by all WHSAA rules and do not surpass individual event limits.
- c. A relay team (pre-qualified) is entered in the Regional Meet by submitting a completed Track Qualifying Standard Report Form along with the school's entries by the deadline (on or before the date requested by the regional host). The relay team does not finish in the top four at a Regional Meet. The relay team is still entered and qualified for State, but the same four student-participants who ran on the relay team at the Regional Meet must run on the team at the State Meet.

NOTE: If there are any substitutions to a prequalified relay team, including for an injured participant, the relay team is no longer prequalified and must place in the top 4 in order to qualify for state.

- If a runner is injured, a replacement may be entered with approval of the Commissioner of the WHSAA.
- If an athlete is injured and an alternate replaces him/her, the injured athlete will not be allowed to participate in the State Meet.
- If an athlete is injured during the State Meet, he/she will not be allowed further participation.

Relay Team Numbers - Numbers assigned to your participants are the same numbers to be used for your relay team. If you need additional numbers (for those who are only participants in relays and were not assigned a number), please report to the area from which you picked up your team packet and request the additional numbers and pins needed.

By WHSAA Board adoption upon request by the Wyoming Track Coaches Association are the following:

- a. In Regional Track Meets nine athletes qualify for the finals in shot put, discus, long jump, and triple jump.
- b. Heats and lanes for the preliminaries of running events and relays at the State Meet for all classes will be seeded from Regional Meets by both place and time, and then those who qualified by standard will be heated. The first place finisher from each heat and the next fastest times (regardless of heat) to fill a field of eight will qualify to the finals at the State Meet.
- c. When there are eight or fewer teams at the Regional and State Meet in the 4 X 800 relay, the alley start shall be waived, and each team assigned a lane.

The Games Committee has determined that in regards to removing any part of the team uniform, excluding shoes, while in the area of competition, as defined by the games committee, is illegal. The area of competition at the State Meet shall be defined as inside the fenced area for all track events. The area surrounding the discus, shot put and pole vault shall be in effect during and immediately after the event.

High Jump

Each athlete will be allowed one mark on the apron. Chalk will not be allowed on the apron. In case of bad weather, an exception may be made to allow chalk.

Pole Vault

All pole vault participants will be weighed, and all poles used during the meet will be checked for proper markings and correct body weight rating. Pole vault participants will weigh-in wearing the uniform they will vault in.

On Thursday, 4A Boys and 2A Girls will be weighed in from 12:30-1:30 p.m. for their scheduled pole vault event. Please be listening for public address system announcements of these weigh-ins. Vaulters do not need to take poles to weigh-ins.

Any Friday vaulter not weighing in during this time period will not be eligible to participate. Discovery of any vaulter using a pole in violation will be dealt with as unacceptable conduct with the vaulter being disqualified from the event.

Should weather require us to move any event to the following day, vaulters will need to weigh-in again that morning.

When there are four or fewer competitors remaining in the pole vault, the bar shall be raised in 3" increments.

*****Violation of this rule may be considered an unsporting act and the coach may be disqualified for the remainder of the State Meet. If a coach is disqualified, they will go through the Coaches Buy Back Program as outlined in Rule 3.5.35 of the WHSAA Handbook.**

Implement Weigh-Ins

Shot put and discus weigh-ins will be done, one hour before their scheduled event time. Shot puts will be weighed at the west side of the white track shed. Discus weigh-ins will be near the discus ring. Please be listening for public address system announcements of these weigh-ins.

Athletes with Asthmatic Conditions

Unrestricted Area for Coaches

The area outside the chain link fence around the track or in the stands is the unrestricted area for coaches. There will be a coaching
